

ETC Moot Court Competition

Liedekerke is sponsoring the 2010 edition of the ETC European and International Tax Moot Court Competition that will take place in Leuven, Belgium from February 28, 2010 to March 6, 2010. The Finals are scheduled on Saturday March 6. Part of the ETC Moot Court Competition programme is the 3rd edition of the “Frans Vanistendael Lectures”, which are held on Friday March 5.

This unique competition brings together students from Law Schools throughout Europe and the United States to work on a case dealing with European and International tax law. The competition consists of a written phase, in which the competing teams draft memoranda both for the applicant and the defendant and an oral phase, in which the teams assemble in Leuven for the pleading sessions before a court consisting of eminent tax law academics and practitioners.

The previous editions were a great success and so far for this new edition ten Law Schools have registered representing Austria, Belgium, Germany, Hungary, the Netherlands, Sweden and the United States.
